## To convey the beauty of the moment...

The professional series of watercolours 'White night' is a landmark of the plant 'Neva palette'.

Artists' colours plant 'Neva palette' has been producing watercolours since 1934, maintaining the highest quality of the products.

'White nights' are time-tested artists' watercolours. They are used by professional artists striving for authenticity and durability of created works.

High-quality pigments of own production and well-established manufacturing technology have made the watercolours 'White nights' the favorite ones by several generations of artists. Watercolours 'White nights' are popular not only in Russia. This product known under the brand 'White nights' all over the world is highly-appreciated by professional artists.

## WATERCOLOURS

Artists' watercolours 'White nights' are produced of fine-grained pigments of binding and a natural gum arabic binder, recognized as the best vegetable resin for artists' colours manufacture.

### WATERCOLOURS OF THE PROFESSIONAL SERIES 'WHITE NIGHTS' ARE:

- 92 fine-grained colours highly replete with pigment;
- main part of the colour palette is single pigment and lightfast colours;
- high quality pigments of own production among which there are earth colours; cadmium and cobalt pigments;
- high colour intensity;
- perfect washable and spreading.

Such properties as brightness and colour pureness, high lightfastness, good spreading and transparency made watercolours 'White nights' the favorite ones by several generation of artists.

The colour palette of the watercolours 'White nights' offers balanced palette reaching 92 colours, 56 of which are single pigment ones. The main part has medium and high indexes of lightfastness.

The artists' colours 'White nights' are produced in 2.5 ml pans or in 10 ml tubes, in sets of 12, 16, 24, 36 and 48 colours.

## WATERCOLOUR PAPER

The watercolour paper pads 'White nights' are meant for artworks with water soluble paints. The paper has a grainy surface and perfectly absorbs moisture and pigments preserving the saturation of colours.

The pads 'White nights' are glued in all four sides. After drying the sheets are easily separated from the album. The paper withstands erasures and washing out. It can be used in the technique of wet.

## WATERCOLOUR PENCILS

Watercolour pencils of professional series 'White nights' combine the properties of watercolours and coloured pencils. They are developed for artists, designers and illustrators.

They can be perfectly washable with a brush, allowing to create watercolour art works. For reaching watercolour effect it's possible to work in wet technique using the pencils on wet paper, or in dry technique washing necessary places with wet brush. The brush is included in each set.

High-quality saturated pigments of lead has elevated lightfastness, intensity and colour pureness.

It is recommended to use watercolour paper for painting with watercolour pencils 'White nights'.
